

A warm, golden-hour photograph of a woman with long dark hair holding a young child. They are both looking down at each other, with the child's face close to the woman's. The background is a soft-focus view of trees and foliage, bathed in the warm light of the setting or rising sun.

COMPANY PROFILE

04-07P

Arshine Lifescience Incorporated, located in California, USA, is affiliated with Arshine Group Co., Ltd. Originated in Shenzhen, China in 2007, with a number of wholly-owned subsidiaries, Arshine Group Co., Ltd has established branches in Beijing, Shanghai, Shenzhen and Hangzhou, as well as a number of overseas offices. With a global perspective and an average annual growth rate of over 30%, Arshine Group Co., Ltd has become a leading professional health industry chain service group.

Arshine Lifescience Incorporated is dedicated to supplying ingredients and solutions for the customer in the industries of Dietary Supplements, Functional Foods, Functional Beverages, Cosmetics and Pharmaceuticals. With the Group's years of experience in sourcing, we have established strong partnerships with a number of manufacturers and sourced quality ingredients from multiple global suppliers. Our main products include Functional Foods, Vitamins, Amino Acids, Beauty Ingredients, and Botanical extracts, all designed to promote health and well-being.

At present, we have warehouses in Shanghai, Qingdao and Tianjin. We cooperate with more than 30 shipping companies in China to ensure fast delivery. We provide quality products, considerate after-sales service and technical support to global partners, together we will prosper and grow.

OUR STRENGTHS

P26-33

Since its establishment, Arshine Lifescience (USA) has continued to forge ahead to becoming a leading supplier of premium nutrition ingredients and botanical extracts. It has constantly improved its customer service and provided customized solutions to global customers.

Trading
Advantages

Service
Advantages

Global
Markets

TRADING ADVANTAGES

Competitive Price

- Over 10 years of experience and strategic partnerships with over 1,000 suppliers world-wide
- Access to the latest market trends to offer accurate forecasts and competitive prices

Diversified Products

- 2000+ raw materials available to meet market demand
- Provide overseas sourcing services with global supplier resources

Strict Quality Control

- Developed supplier audit system to ensure product quality from the source
- Self-built laboratory for strict sample control.
- Refundable for quality problems

SERVICE ADVANTAGES

Efficient Warehousing and Logistics System

- The AEO certificate from China Customs (the green channel of customs clearance that can reduce customs clearance time and increase delivery efficiency)
- Warehouses in Shanghai, Qingdao and Tianjin and cooperation with more than 30 shipping companies in China to ensure fast delivery
- Local warehouses in Eastern and Western America for rapid fulfillment of diverse local demands
- Full process service for cargo transportation: order preparation, booking, tracking, notification and assistance in fast customs clearance, 7 days for airshipment and 14 days for seashipment

Financial Payment Services

- Multiple global payment methods and payment terms support
- AA grade client of Sinosure and strategic partner of many large banks
- Alibaba Trade Assurance \$732000.00

Regional Market Services

- Overseas offices in multiple locations to handle customers' questions immediately and directly
- Customized packaging design available
